

John Fulkerson

Computer Science Student

Work History

Aug 2023 Resident Assistant

to Present *University of Delaware, Newark, Delaware*

I oversee 20 residents, ensuring a safe community, organizing programs, and enforcing rules. I also manage mail, perform duty, resolve conflicts, and prioritize resident safety, well-being, and happiness.

Mar 2023 Lab Assistant

to Present *University of Delaware, Newark, Delaware*

I support Pearson Hall Makerspace by engaging with users, managing machine queues, administering tools, restocking materials, and aiding in both Physical and Digital Fabrication areas. I contribute to space development, implementing user experience enhancements through innovative processes and procedures.

Aug 2022 Event Technician

to Present *Fairfax County Public Schools, McLean, Virginia*

I specialize in efficient tech support for Fairfax County Public Schools, with expertise in live audio, lighting, and streaming services to ensure seamless event management. I also provide efficient laptop and projection support for teacher and faculty training, frequently assisting with superintendent meetings, school board sessions, and faculty events.

Oct 2019 Student Technician

to Aug 2022 *Fairfax County Public Schools, McLean, Virginia*

As a student technician at McLean High School, I manage auditorium events by programming and operating lights and sound. I serve as the primary contact, overseeing the space during events to ensure their smooth execution.

Volunteer Experience

Jun 2022 Cappies Organization Production Assistant

Jun 2023 *John F. Kennedy Center for the Performing Arts, Washington, D.C.*

Worked in the concert hall for the Cappies Gala, focusing on all aspects of sound while assisting as a general stagehand when needed.

Mar 2020 Grate Patrol

to Jun 2022 *Saint Luke Catholic Church, McLean, Virginia*

I volunteered for Grate Patrol, an outreach initiative aiding the homeless. We organized collection drives for daily essentials, assembled care packages, and distributed them along with hot coffee to the homeless in D.C. during early morning outreach efforts, aiming to provide support and assistance to those in need.

Mar 2020 Live-Stream Technician

to Aug 2022 *Saint Luke Catholic Church, McLean, Virginia*

I designed, built, and managed a livestreaming system to broadcast weekly masses, weddings, and funerals, enabling remote participation due to Covid-19 restrictions. The effort was met with gratitude and played a vital role in keeping our church community connected and engaged during challenging times.
